

Note on an Interview with Frau Voss, at her home,
Schöran b. Berchtesgaden, "Rosenhäusl", at 4³⁰ pm,
22 March 1971.

1. Frau VOSS never met Hitler; she knows more about naval matters than about Führer affairs.
2. Upon his return from 10 years Soviet captivity, Admiral Voss began writing his memoirs for his children, but he stopped on reaching the FHQ-period, as by that time the memoirs were hard to reach a peak, and the writers were subject to a lot of abuse. She regards the part written as private, but I had the impression on leaving that she would eventually have allowed me to read them.
